

Katie Richardson  
*VP/Administrator and Chief Long Term Care Officer*

August 7, 2023

Dear Resident and Resident Representative:

Bergen New Bridge Medical Center remains committed to updating our residents and representatives regularly. In the past 24 hours, one staff member has tested positive for COVID-19. The staff member will not return to work until cleared by a physician. Any close contact residents will be tested three times to be thorough in our efforts to monitor residents and staff. Enhanced cleaning and disinfecting of the area continue to be done daily, and mask compliance remains in effect.

Please do not hesitate to contact me with any questions at 201-967-4013 or via email [krichardson@newbridgehealth.org](mailto:krichardson@newbridgehealth.org). I encourage you to remain safe and healthy and maintain proper hand hygiene and infection control practices. Bergen New Bridge Medical Center continues to offer the COVID-19 Bivalent Vaccine to our residents and their loved ones. Please reach out if you are interested in receiving the vaccine.

Sincerely,

Kathryn Richardson, LNHA  
Chief Long Term Care Officer
