

Katie Richardson
VP/Administrator and Chief Long Term Care Officer

December 9, 2021

Dear Resident and Resident Representative:

Bergen New Bridge Medical Center remains committed to updating our residents and representatives regularly. There has been one staff member and two residents who have tested positive for COVID-19 in the past 24 hours. The staff member and residents are both asymptomatic. The staff member has been removed from duty until cleared by a physician and the residents have been isolated to mitigate spread. We are currently completing testing in those specific areas to ensure there are no further positive results and have completed our contact tracing to identify close contacts.

Please do not hesitate to contact me with any questions at 201-967-4004 or via email krichardson@newbridgehealth.org. I continue to encourage all of you to remain safe and healthy, maintain proper hand hygiene and good infection control practices.

Sincerely,

Kathryn Richardson, LNHA
Chief Long Term Care Officer
