

Katie Richardson
VP/Administrator and Chief Long Term Care Officer

February 28, 2023

Dear Resident and Resident Representative:

Bergen New Bridge Medical Center remains committed to updating our residents and representatives regularly. In the past 24 hours, one staff member has tested positive for COVID-19. The staff will only return to work once cleared by a physician. Further testing of close contacts has been initiated as needed. All close contacts will be tested three times to be thorough in our efforts to monitor residents and staff. Enhanced cleaning and disinfecting of the area continues to be done daily and mask compliance remains in effect.

Please do not hesitate to contact me with any questions at 201-967-4013 or via email krichardson@newbridgehealth.org. I continue to encourage all of you to remain safe and healthy, maintain proper hand hygiene and good infection control practices. Bergen New Bridge Medical Center continues to offer the COVID-19 Bivalent Vaccine to our residents, as well as their loved ones. Please reach out if you are interested in receiving the vaccine.

Sincerely,

Kathryn Richardson, LNHA
Chief Long Term Care Officer
