

Katie Richardson  
VP/Administrator and Chief Long Term Care Officer

February 19, 2021

Dear Resident and Resident Representative:

Bergen New Bridge Medical Center remains committed to updating our residents and representatives regularly. Since my last communication, there have not been any COVID positive staff members as a part of our twice a week surveillance testing of staff. We did have a positive result today for a resident who was newly admitted. The resident is asymptomatic has been on isolation since admission and will continue until cleared by a physician.

As always, please do not hesitate to contact me with any questions or concerns at 201.967.4013 or [krichardson@newbridgehealth.org](mailto:krichardson@newbridgehealth.org). I continue to encourage all of you to remain safe and healthy, wear a mask, maintain good hand hygiene and practice social distancing. As a reminder, visit our website at <https://www.newbridgehealth.org/covid-19-testing/> for information on COVID-19 testing for you or a loved one.

Happy Lunar New Year, Valentine's Day and President's Day!

Sincerely,

Kathryn Richardson, LNHA  
Chief Long Term Care Officer
