

Katie Richardson  
*VP/Administrator and Chief Long Term Care Officer*

December 16, 2021

Dear Resident and Resident Representative:

Bergen New Bridge Medical Center remains committed to updating our residents and representatives regularly. There has been one staff member who tested positive for COVID-19 in the past 24 hours. The staff member is asymptomatic and fully vaccinated. The staff member has been removed from duty until cleared by a physician and the residents have been isolated to mitigate spread. We are currently completing testing with close contacts ensure there are no further positive results and have completed our contact tracing.

Please do not hesitate to contact me with any questions at 201-967-4004 or via email [krichardson@newbridgehealth.org](mailto:krichardson@newbridgehealth.org). I continue to encourage all of you to remain safe and healthy, maintain proper hand hygiene and good infection control practices.

Sincerely,

Kathryn Richardson, LNHA  
Chief Long Term Care Officer
