

Katie Richardson

*VP/Administrator and Chief Long Term Care Officer*

April 21, 2021

Dear Resident and Resident Representative:

Bergen New Bridge Medical Center remains committed to updating our residents and representatives regularly. There has been one staff member who has tested positive in the past 24 hours. The employee has been removed from duty and will return once cleared by a physician. There have not been any residents who have tested positive for COVID-19. We are currently completing our facility wide testing to ensure there are no further positive results. As a result, visitation may be impacted. If you are scheduled and changes need to be made, you will be contacted to further discuss next steps for visitation.

Please do not hesitate to contact me with any questions at 201-967-4004 or via email [krichardson@newbridgehealth.org](mailto:krichardson@newbridgehealth.org). I continue to encourage all of you to remain safe and healthy, wear a mask, maintain good hand hygiene, practice social distancing, and, when you can, get vaccinated

Sincerely,

Kathryn Richardson, LNHA  
Chief Long Term Care Officer
