

Katie Richardson  
VP/Administrator and Chief Long Term Care Officer

February 25, 2022

Dear Resident and Resident Representative:

Bergen New Bridge Medical Center remains committed to updating our residents and representatives regularly. In the last 24 hours, there has been one resident who have tested positive for COVID-19. All COVID-19 precautions are in place and further testing will be performed as required. If you or your loved one is directly affected by this positive case, you will be notified.

Please do not hesitate to contact me with any questions at 201-967-4013 or via email [krichardson@newbridgehealth.org](mailto:krichardson@newbridgehealth.org). I continue to encourage all of you to remain safe and healthy, maintain proper hand hygiene and good infection control practices. If you need a COVID-19 vaccine or booster vaccine, please reach out and I can guide you on how to register to come onsite to our vaccination center.

Sincerely,

Kathryn Richardson, LNHA  
Chief Long Term Care Officer
